Tea service is inspired by the Gongfu method.

Si Ji Chun Tea Medium-Low Caffeine 3

Lightly Oxidized Oolong

Honeysuckle, jasmine, & hazelnut.

FYI: "four seasons of spring" because no matter the harvest season, this tea is floral. NOT a green tea, but like a green tea.

Fun Fact FYI: *This tea is not designated by the Taiwanese government & it is a cultivar made by the tea farmers themselves.*

GABA Tea Medium Caffeine 3

Taiwanese Oolong

Honey, cream, & baked yams

FYI: Developed with the Japanese fermentation process. High in Gamma-Aminobutyric acids by growing it in an anaerobic environment full of nitrogen. NOT a black tea, but like a black tea.

Fun Fact FYI: *GABA or gamma-aminobutyric acid is the neurotransmitter responsible for reducing excitability (i.e. stress & anxiety) & some studies have shown consuming GABA aids in lowering stress levels.*
